Dear Sir,

Subject: Rajya Sabha Provisionally Admitted Starred/Unstarred Parliament Question Diary No. U2110 due for answer on 27.03.2025 regarding "Leveraging Science and Technology for Nation Building".

- a. Whether the government has any mechanism to ensure that expertise from industry, research institutions, and public sector enterprises is integrated into the national strategic programs, if so, the details thereof, and;

MDL Reply:

Mazagon Dock Shipbuilders Limited is a leading Defence Shipyard engaged in the construction of State-of-the art Warships and Submarines for the India Navy. The Government supports the integration of this expertise into the national strategic programs through various initiatives such as "Make in India" and "Atmanirbhar Bharat" thereby aligning MDL's work with national security goals. The Indian Navy, the prime customer of MDL nominates indigenously available technologies through their choice of vendor/ OEMs. Thus, technologies get integrated into the strategic platforms that MDL is building.

- b. The manner in which the government is addressing the global tech competition, particularly in areas such as AI, semiconductors, and the development of advanced military technologies?

MDL Reply:

The government encourages MDL to adopt cutting edge innovations and technologies in the construction of Warships and Submarines through initiatives like Make in India.

MDL has already aligned with Ministry of Defence directives for promoting Artificial Intelligence related products and processes which enhances organization's operation abilities and

also the possibility of marketing it commercially. Towards this, MDL has committed development of 06 Nos of AI products out which 05 products have already been deployed within the yard. The commercial production of the same shall be explored once the AI model is completely trained. AI is also being explored for exploitation as part of automation of the yard to comply with Industry 4.0 standards
